

CASKET-VAULT ARRANGEMENT

Permanent steel reinforced concrete containers are required to protect the casket and ensure grounds are kept level and safe for visitors. **You have an opportunity to secure current pricing.**

Description of Plan-Ahead Casket Vaults

	<p>Prestige Copper - The ultimate in beauty and waterproof protection. This elegant vault has a gleaming polished copper liner that is bonded to a protective concrete and polystyrene structure. Name, dates and a selected religious or fraternal insignia are affixed to the cover.</p>
	<p>Prestige Stainless - A truly elegant vault that provides a lasting tribute and monument for the family. A mirror finish of 26-gauge stainless steel is bonded to a protective concrete and polystyrene structure. Name, dates and selected religious or fraternal insignias are affixed to the cover.</p>
	<p>Eterna Gard - Vault is adorned with ornate handles and a gold and silver painted cover. This vault offers a unique combination of a moisture resistant polystyrene inner liner and tongue and groove construction. The refined classic look makes the Eterna Gard a dignified choice for your family. Name, dates and a selected insignia are affixed to the cover.</p>
	<p>Centennial - Our most popular vault and a superb value for your family. Combines the same basic construction as the Eterna Gard with a gold painted cover. Name, dates and a selected religious or fraternal insignia are affixed to a gold painted cover.</p>
<p>Not pictured</p>	<p>Falcon Plus - A steel reinforced lined vault that meets our minimum standards of quality. Same look as centennial without paint or name plate.</p>
